NOMINATION FORM FOR YOUNG SCIENTIST AWARD

Nominee : _____

Name of the Institution : _____

Mailing Address : _____

Email : _____

Phone : _____

Benefits:

- Advancing perfection and perceiving remarkable commitments made by the youthful researchers for their work done essentially during the span of study.
- Find out about career advancement and the most recent research devices and technologies in your field.
- Graduates are motivated by the chance to choose neighbourhood or worldwide subjects of pertinence/enthusiasm to them, and build up their own logical examinations and models drawing in locally or universally.

Eligibility:

Anyone who is engaged in Cardiac Science research who is not more than 40 years of age, is eligible for the Award.

Criteria:

Nominee has to submit their unique research works.

Nomination Procedures for Young Scientist Award

A Letter of Nomination that addresses the following questions :

- Describe the important theoretical and empirical contributions and their impact on the field, usually attributed to the nominee
- What influences has the nominee had on fellow researchers and others in the same field of study

Attach the following :

- A Current Vitae, including Grant Support, Honors, Editorial and other Professional Service, and a complete Bibliography (if not part of the vitae)
- Names and addresses of several scientists familiar with the nominee's work
- A list of ten most significant and representative publications at least three reprints representative of the Nominee's contribution (All material can be submitted electronically, especially reprints.)
